

Product Portfolio ^[1]

As a science-based and patient-oriented healthcare company, we strive to be a global leader in growing areas of healthcare. Following a corporate transformation Novartis is focused on three divisions with global scale and innovation power – pharmaceuticals, eye care and generic medicines. This has strengthened the future growth prospects of the company.

Pharmaceuticals

Pharmaceuticals develops innovative, patent-protected medicines to enhance health outcomes for patients and health-care providers. The division is at the forefront of development and commercialisation in oncology, primary care and specialty medicines.
